Community Summit 2020 CANCELLED

COVID-19 and the Community Summit

The Washington State Department of Social and Health Services Developmental Disabilities Administration's top priority is the health and safety of the public. The COVID-19 public health emergency is of concern to our communities. Consistent with state and national guidance and restrictions on gatherings of this size, DSHS DDA has made the difficult, but necessary, decision to cancel the Community Summit scheduled for June 9 to 11, 2020 in Wenatchee, Washington.

If you have already registered for the Community Summit, any registration fees you have paid will be fully refunded to you. If you have any questions, please contact Community Summit project coordinator Monica Zumach at (253) 307-7475, or Monica@gowise.org.

In the meantime, please follow current recommendations from trusted sources for social distancing and other precautionary measures to keep yourself healthy and to prevent the spread of the virus. Information can be found on the [Centers for Disease Control COVID-19 Website](#). Up to date information for the State of Washington can be found at <https://coronavirus.wa.gov/> and through the Developmental Disabilities website linked here: [DDA Coronavirus Information](#).

We realize that the Summit is a much anticipated event that brings our community together, and inspires us to take action to make the State of Washington a great place to live. While we have to cancel the 2020 conference, this is not the end of the Community Summit. The tradition will continue, and we look forward to returning in 2021, better than ever.

Thank you for your support of the Community Summit.

Sincerely,

Ronald Bryan
Chairperson, Community Summit Steering Committee
