EMPLOYMENT PROFESSIONAL CERTIFICATE PROGRAM
CLARK COUNTY
2017-2018
Introduction
The Employment Professional Certificate Program is a certificate program for employment professionals. These professionals provide employment support to individuals with developmental disabilities and play an integral role in assisting people to become contributing members of their community. This program offers a high quality training program taught by skilled professionals, intended to build on the skills of the participants, offer opportunities for networking with others, and serve as a building block for future leaders in supported employment.

The goals of the program are:

- Increase the competence of employment professionals.
- Develop a network of future leaders in supported employment.
- Provide staff an opportunity for relationship building and networking.
- Expand resources for employment professionals to increase their knowledge through predictable systematic training.
- Embed supported employment training within the generic community college system.
- Expand employment opportunities for people with developmental disabilities.

The program is offered through Highline College in collaboration with Wise and the Washington State Developmental Disabilities Administration with support from counties and agencies throughout the State.

For more information contact Teri Johnson, Program Coordinator at teri431@comcast.net or 206-251-2420.
Program Logistics

Location

Innovative Services NW

9414 NE Fourth Plain Boulevard

Vancouver, WA 98662

» The program will be limited to twenty-four (24) students.
» The classes will occur each quarter on Friday from 9:00am – 2:00pm.

  registration with Highline College.

The program curriculum is based on the values of power, choice,
relationships, competence, status, and health and safety, and will include
surveys and focus groups to monitor quality. We are committed to assisting
other communities to replicate the success of this project.
Robyn Fitzgerald

Robyn retired as the Executive Director of ICON Community Services, Inc. in July 2007. ICON is a private non-profit agency providing supported employment and supported living services for people with disabilities in northern Virginia. She currently owns and operates Fitzgerald Associates providing training and technical assistance specializing in supported employment, community inclusion and related subjects. She lives in La Center, WA, and is currently a consultant for Dean Ross Associates in the area of supported employment and related subjects.

Ms. Fitzgerald began her career in adult disability employment services in 1986 and prior to her responsibilities as the Executive Director/CEO she was instrumental in the development of ICON’s community-based employment programs for individuals with disabilities, supervising all of ICON’s employment programs and providing training and technical assistance to public school personnel, other service providers, and the business community. She has presented at both local and national conferences on various aspects of supported employment and worked with community businesses helping them to recruit, hire, train and supervise employees with disabilities. She has served on various municipal workforce boards and commissions and business organizations to further community education and awareness of persons with disabilities.

Wendy Taliaferro

Wendy has worked in a variety of capacities over many years to move forward the rights and contributions of people with disabilities within their local communities. She worked through the University of Oregon focusing on meaningful employment opportunities for people with more significant support needs, person centered planning, systematic instruction, quality improvement strategies and systems change. Wendy continued this work through a pilot project at Self Determination Resources Inc. (SDRI) which was continued and replicated across the state as the brokerage system. She currently has moved her passion for inclusive meaningful environments to Trillium Employment Services as Program Manager in Clark County Washington.

Wendy has a degree in Psychology and a masters in Interdisciplinary Studies with a concentration in Organizational Communication.

10. Complete a Functional Assessment of Behavior
Debra is passionate about seeing all people obtain employment. She has been intrigued with community building and person centered planning as a way to see individuals with disabilities succeed in jobs that fit them since 1988. She has worked on a number of projects involving people with disabilities and employment. Debra provides training and consultation on employment and person centered planning in Washington and Oregon. She has taught classes on these topics at Portland State University in the Teacher Education Program and for Highline Community College. She has worked with schools, families, agencies, businesses, and individuals, both in the U.S. and in Australia. Debra holds an MS in Rehabilitation Counseling and Deafness.

Jenny has experience as a Competitive Integrated Employment Program Manager, an Employment Specialist, and a Job Coach in Oregon. She became a Certified Employment Support Professional through APSE in 2014 and received her BS in Sociology from Portland State University. She enjoys using her training as a Person Centered Planning Facilitator to brainstorm employment possibilities with people. Jenny’s interests and strengths are in collaborating with supported employment programs and teams to create and implement best practices. She is passionate about the tenets of Employment First and achieving equitable employment for all people experiencing intellectual and developmental disabilities. When not in the office she enjoys reading dystopian novels, thrift shopping for treasures, cats, and spending time with family.

6. Generate leads on a weekly basis
7. Make corporate presentations of benefits of supported employment.
8. Build a network for job development in your community
9. Demonstrate personal job development script and ability to field difficult questions from employers.
10. Demonstrate knowledge of the job market
Emily has had the good fortune to be affiliated with people with disabilities throughout her life. She has experience as an employment consultant and as a Positive Behavior Support consultant with individuals, families, and employment agencies both in Oregon and Washington States. Emily is committed to the concept of inclusion and full participation, and knows that employment is critical to equity. Emily is a Certified Employment Professional through APSE, is a primary trainer and the new manager for the Oregon Employment Learning Network, and a Person Centered Planning facilitator. She holds a BS in Arts in Letters with a focus in women studies and English. Emily is interested in creative, innovative, low-tech ways to support people to be independent on their jobs.

Ryan has worked as a consultant, job coach, and job developer. His assistive technology background is fueled by an enthusiasm in finding both high-tech and low-tech interventions to support people in their independence—both on and off the job. This includes providing technical assistance to help employment specialists in setting up worksite accommodations and building natural supports. He has presented at many assistive technology conferences and trainings where he has offered his knowledge on topics such as video resume creation, assistive mobile apps, and iOS native accessibility features. He has facilitated Apple Accessibility Workshops at Apple stores both in Oregon and Washington, which focus on training individuals supporting people with disabilities. Ryan recently obtained a Certificate in Advanced Professional Development for Assistive Technology Applications from California State University, Northridge. He is passionate about supporting people and programs to be empowered by their potential to build individual and organizational capacity.
Course Content

This course will build skills and offer creative methods of assisting individuals with developmental disabilities to be successful on their jobs and improve the competence of businesses and coworkers to support and include people with disabilities. The emphasis will be on job support and coaching, developing partnerships with business, creative problem solving, follow along, diminishing external support and fostering natural supports in the workplace.
